

# What our readers in China say about Wool Exporter

A good range of articles on wool introduction, new developments and products which relate to our work. We enjoy reading it.

**CHINA TEXTILE RESOURCES  
PUDONG LTD**

This year's magazine is much richer in content. It has a good balance between wool company advertisements and interesting articles.

**JIAN LU GROUP**

This is very good. We need to read more information on wool volume available, wool price analysis, and more technical information.

**SANLI GROUP**

This is a good publication. We have a lot of new comers into the industry and we get a lot of wool information from it.

**CHANGZHOU WOOLEN  
TOPS FACTORY CO**

This publication is better than others. It has more information on new technical products and global wool information.

**ZHANGJIAGANG TIANYU  
WOOLEN TEXTILE CO**

This magazine is helpful to us. We are interested to read about wool export companies from around the world.

**SHANGHAI SHENYI  
WOOLEN TOP CO**

We like to read this magazine. We would like to see more information on wool production from wool growing countries and wool company articles.

**MINGSHAN GROUP**

I like to read it. It helps me much because there are too little foreign publications translated into Chinese directly. I get much wool information from it. I am a new comer in this industry.

**CHINA TEXTILE RESOURCES  
NANJING CORPORATION**

We like reading WOOL EXPORTER MAGAZINE. It provides us with information on what is happening in other countries and gives us new leads.

**ZHEJIANG REDSUN WOOL  
TEXTILE CO**

We read this with interest. There are not many foreign publications available in Chinese language about what is happening in the wool industry in other countries.

**HUAFENG FANCY YARNS CO LTD**
